DETAILED ACTION

1. Applicant's Amendment filed 01/09/2006 has been reviewed and placed of record in the file.

Terminal Disclaimer

2. The terminal disclaimer filed on 09/27/2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any U.S. Patent granted on U.S. Patent Application Number 10/177,096 has been reviewed and is accepted. The terminal disclaimer has been recorded.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below (the amendment was already recorded on 05/12/2005).

Specification, page 25, line 9, "Figure A" was changed to:

"Table A"

Authorization for this examiner's amendment was given in a telephone interview with Attorney of record Marvin L. Beekman on May 10, 2005.

Allowable Subject Matter

4. Claims 1-71 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a device having all exclusive limitations as recited in claims 1, 4, 11, 15, 17, 22, 26, 30, 34, 38, 42, 48, 54, 57, 60, 63, 66, and 69, comprising a pair of source/drain regions sandwiching a channel region; a floating gate (FG); an intergate insulating layer (IGI); and a control gate; the intergate insulating layer having component oxides including at least one metal oxide having varied concentrations to provide a composition gradient, either the component gradient being across the thickness of the intergate insulating layer or the varied concentrations providing different barrier heights with respect to the floating gate and the control gate; and either: the FG includes a polysilicon FG and a metal layer positioned between the FG and the IGI, the metal layer includes a metal corresponds to a metal of the metal oxide, or: the IGI barrier height being lower at the FG and being higher at the CG to increase electron tunneling from the FG to the CG.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
